" TO WHOM IT MAY CONCERN"

Since year 2008 our Compant MOBIN P.C. has had excellent business relationship with :

EXA - ELETTRONICA PER AUTOMAZIONE srl

VIA Don Gnocchi, 4

20148 MILANO (ITALY)

From the above company we have repeatedly procured a large variety of industrial equipment, namely spare parts for Instrument and Controls applications.

Over such time lapse we have had the opportunity to appreciate the know-how, reliability and correctedness of EXA in meeting the project technical requirements as well as the formal contract issues.

In no circustance we have had any dispute with EXA .

For these reasons we consider EXA as one of our best and most reliable suppliers.

In faith

RAMIN EMAMI
